PROJECTS

BOX OFFICE DOJO

Description: Box Office Dojo is a comprehensive movie application designed to offer a seamless experience for movie enthusiasts. It provides in-depth movie information, including streaming services, release dates, and summaries. Additionally, users can easily create and manage their watch lists. To add a touch of entertainment, the application also serves up amusing GIFs related to each movie. We aim to create a user-friendly platform that simplifies discovering, tracking, and enjoying movies.

Technologies Used: Front-End: HTML, CSS, JavaScript
Back-End: Server-side APIs for fetching movie data
